Shreyans Group

- Established in 1989, Shreyans Auto is an established name in the country for supply of quality precision turned parts, sub assemblies . The company is being run by professional, trained and suitably exposed to the OEM work environment. It has experienced technical personnel, well equipped inspection system and quality assurance to provide first class service to our customers. The company offers a range of machining services .
- We machine Brass, Stainless steel, 12L14, aluminium, copper, teflon, PEEK, nickle silver, Inconel, Monel.
- We procure forgings and castings from our business partners and machine them as per customer requirement.
- We are currently catering to automobile, Agriculture, Construction, Tools & accessories.

Exporting to USA, Canada & Indonesia

About Shreyans Group

INDIAN DOMESTIC MARKET

Shreyans Auto & Components P Ltd.(SAC)

For over three decades, SAC has been a powerhouse in high-precision engineering, catering directly to key industrial and automotive needs in India.

- **Indian OEMs Priority:** Delivers critical machined parts and complex sub-assemblies to major domestic clients.
- **In-House Manufacturing:** Backed by robust domestic plants established since 1989 in Faridabad, Haryana.
- **Certified Excellence:** Operating under rigorous IATF 16949 : 2016 quality assurance systems. ZED Certified.

THREE DECADES IN PRECISION ENGINEERING

About Shreyans Group

OVERSEAS EXPORT MARKET

Shreyans AgriCon Products (SAP)

Formulated specifically for the export segment, SAP addresses global supply challenges by acting as a highly efficient, single-point partner.

- **Single Source Shop:** Offers international buyers a simplified procurement channel with end-to-end convenience.
- **S.P.A. Business Model:** Integrates Sourcing, Production, and rigorous Auditing for seamless global execution.
- **Quality Assurance:** Conducts factory, process, and product audits on export products, managing global QCD responsibilities.

THREE DECADES IN PRECISION ENGINEERING

Facilities – CNC Machines

Machine	Make	Specification	Nos
CNC Turning	BFW	Chuck Dia 200 mm	2
CNC 5 axis sliding head with live tooling	Ace with bar feeder	Maximum Dia 20 mm	2
CNC Turning	Polygim with bar feeder	Chuck Dia 50 mm	2
CNC Turning	Global with bar feeder	Chuck Dia 200mm	2
CNC Turning	Ace	Chuck Dia 200mm	4
CNC Turning	Jyoti	Chuck Dia 200 mm	4
VMC	BFW/ ACE	700 x 550mm	6

Facilities - Infrastructure

- Sliding Head Automats - Peterman (swiss) / Bechelor (UK) : 16 nos
- Traubs - Chera (India) : 15 nos
- Milling Machine - Aceira (Swiss) / HMT , Centreless Grinder : 4 Nos
- Thread rolling , thread cutting , drilling - Herbert (UK) / Indian make

- VMM, Contour Tracer, Surface roughness tester, Air Guages, Hardness Tester
- Profile Projector
- Digital Micrometer / Vernier
- Surface Plate, Height Guage

Citizen F 10 Sliding Head CNC

Vertical Machining Centre

CNC Turning Center

Processes

Castings

- Ferrous (Alloy and Stainless Steel), and Non Ferrous (Brass, Zinc and Aluminum)
- Sand, Pressure Die , Shell mould and Investment Casting

Cold Forgings

- Standard and Customized all type of Fasteners
- Small pins and bushes

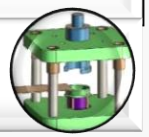

Hot Forgings

- Steel (Low Carbon to Alloy Steels) / Brass / Aluminum
- Drop hammer, Upset and Mechanical press

Stamping

- CRCA / HRCA sheet and Flats
- Progressive and Fine blanking
- Power Press, Hydraulic Press and Hitech tooling

CNC Machining

- Complex CNC machining (TC / VMC / HMC) , Gun Drilling , Sliding Head automats and Cylindrical & Centerless grinding

Heat treatment

- Annealing, Case Hardening, Through Hardening, Nitriding and Tempering
- Continuous Furnace,GCF and Sealed Quench

Welding

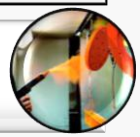

- MIG / MAG, TIG, Spot and Projection Welding
- Manual , Robo and SPM machines

Surface Coating

Zinc Plating / Powder Coating / Painting / Zinc Flake (Geomet) / CED

- Complied all International standards

Assembly

- Assembly station based on the specific product type through SPM and Automation

Product Profile

DOWELLS , PINS & SHAFTS

- Ground
- Polished
- Passivated
- Electro plated
- Super finished

Material

- Stainless Steel
- Brass

- Diameter Accuracy : Within 2 microns
- Surface Finish : Below Ra 0.5

Product Profile

SHREYANS AGRICON

Automotive Parts

Child Parts For:

- Purge Control Solenoid Valve
- Air Solenoid Valve
- Electric Compressor Bypass Valve
- Exhaust Gas Regulator
- EGR Modulator
- Central Locking
- Dashboard
- Sensor

Material

- Brass
- Stainless Steel 303 /430 /316
- Aluminium
- Polymer
- Alloy Steel

Product Profile

Profile Machining

- Brass
- Aluminium

Product Profile

Boss Sensors

- Bar Turning
- Investment Casting

- Milling
- Pre Curved

Stainless Steel 303/304/430

Product Profile

Farm Accessories

- Eye Bolts
- Hinge Pin
- Forged Pins
- Cat 1 Balls
- Cat 2 Balls
- Cat 3 Balls
- Cold Forged Pins
- Bushes
- Sleeves

Product Profile

Hydraulic Fittings

- Straight
- Bend

- Metric
- NPT
- BSPT

Alloy Steel / Stainless Steel

Product Profile

Investment Casting Parts

Casting Size:
800MM (L) X 800MM (W) X 550MM (H) Max

Casting Weight: 15 gms. To 100 kg / Pc

Surface Finish : 3.0 to 6.0 Ra (Depends On Casting Geometry)

Dimensional Accuracy:

- As per ISO 276B,
- VDG P690,
- DIN 1680 Class II,
- IS: 11160 Class-II,
- ISO 8062.

Materials Handled
Low Alloy steel
Carbon Steel
Austentic Stainless Steel
Super Duplex steel
Martensitic Steel
Nickel Based alloy
Precipitation Hardening stainless Stell etc...

Product Profile

Oil & Gas Industry Parts

- Valves
- Seat
- Flanges
- Gate
- Stem
- Bonnet
- Bearing Cap
- Retainer

- Nitriding
- Grinding
- Lapping
- Tungsten Carbide Coating

Material: Steel 4130, SS 316 / 410, 17 – 4 ph

Product Profile

Telecom & Swithgear Parts

- Grub Screws
- Inserts
- Terminals

Parts used in
- Surge Arrestor
- D C Block

- Brass
- Beryllium / Teryllium Copper
- Nickle Silver

Promoter Profile

The promoter of the company, Mr. Shreyans Patni is a technical expert in manufacturing of precision components. After having worked for 22 years in companies like Jayna Times(first manufacturers of wrist watches, alarm and wall clocks in India) and BIRLA VXL Ltd. (manufacturers of highly sophisticated time and mechanical equipment for defence), he promoted Shreyans group. Since then SAC has established itself as a reliable source of quality products.

Mr Shreyans Patni receiving certificate from Mr R.B. Madhekar – Director MARUTI Centre for Excellence (MACE)and Mr K Anand Head Operations PRICOL
